SAN ANTONIO, TX, March 3, 2025 – Endereza Law, PLLC is proud to announce its recognition by Chambers & Partners, one of the most prestigious law firm-ranking organizations in the world, for its outstanding work in Franchising Law. This esteemed ranking is a testament to the firm's dedication to providing exceptional legal services and its commitment to excellence in the field of franchising.

Chambers & Partners rankings are awarded only after rigorous research and vetting, making them a mark of distinction that only 0.5% of law firms in the United States achieve. The emphasis on client feedback ensures that Chambers' rankings are objective and credible, setting them apart from other rankings.
